

# Corporate Flu Vaccination Service 2022

Scan to find out more

## Did you know...

- that on average the symptoms of flu can last 5-7 days<sup>1</sup>
- people are more likely to spread flu in the first 5 days they have it<sup>2</sup>

What impact would this have  
on your team and business?

1. Harvard Medical Publishing, 2020. 2. NHS Flu, 2019
