## Foreword

It is a huge privilege to have been involved in the Aldgate Connect BID for many years - from the early days of the Partnership and now as a fully fledged BID since we secured a successful ballot result in early 2020. No one envisaged that we would launch our first term just as a global pandemic struck, but with resilience and determination we pulled together and I'm proud of what we have achieved.

Our collective achievements over the last 12 months have been among the most rewarding, demonstrating the continued resilience of businesses in this wonderful part of the capital and an appetite to seize growth opportunities with ambition. The sense of community we enjoy here in Aldgate, with our diverse business community, residents and wider stakeholders, is helping to drive the area's renaissance through collaboration and partnership.

London's response to the COVID pandemic, and the recovery that has got going in the last year or so, has been typically determined and resolute, and while we all still face challenges, I am optimistic about the future. The landscape remains somewhat uncertain, and of course we are not back to pre-pandemic levels, but workers are returning to offices, tourists are coming back to the capital and investment is strong. The commencement of Crossrail services earlier this year, and positive overtones from the Government about Crossrail 2, instils more confidence and against this backdrop we must redouble our efforts to push for further investment in major projects.

The capital continues to face headwinds following the pandemic, but also the impacts of Britain's exit from the European Union, the cost-of-living crisis and the climate emergency, and arguably partnership and collective action has never been more important. Not for more than a generation has the capital or its businesses needed more support, and the Aldgate BID is proud to be playing its part.

You will see from this Annual Report that our projects and programmes are varied and comprehensive. From the ongoing and vital work of our street teams, ensuring that we provide the best possible welcome to workers, visitors and local communities, to our rolling programme

make a positive impact. Our collaborative work with our neighbouring City BIDs enables us to deliver more for the businesses in the Aldgate area. As ever we continue to listen to you, our business community, to ensure our work reflects your priorities. As a BID we can adapt and pivot towards new issues, challenges and opportunities. I feel our approach and our delivery is as fresh as ever, thanks to the dedication and creativity of our Executive Team, and the ongoing dialogue and exchange with our levy paying community. We continue to work closely with the City of London Corporation and Tower Hamlets, supporting investment in our area and ensuring the business voice is heard by local policy makers.

of cultural events - our work is tangible and is designed to

We are eager to keep delivering and continuing with our programmes to support our communities: the workers, the visitors, the investors, the residents - together we are proving we are stronger and more resilient to the change that London continues to experience. I hope you can see from this Annual Report that we are on your side - able to respond to the big issues, as well as delivering the smaller scale, yet no less important, activity that supports your business day to day.

Special thanks to the BID Board and Steering Group members, without whom this would not be possible. Thank you all for your time and contributions. We look forward to continue working with you.

There is no denying that while public confidence has been reduced, transport use and tourism has continued to be limited and office occupancy was low. The BID set out with a clear Delivery Plan which was agile and able to adapt to changing business challenges keeping a keen eye on community needs. To establish a welcoming environment, the BID saw that it needed to look to the needs of the existing community and the small hospitality/leisure in the area, amplifying messages building a stronger more resilient economy.

Strategy aims to raise the profile of the Aldgate area hosting activities which engage with local workers, residents and visitors all year round. Over the last year, the BID's adapted its strategy to provide relevant support to the local business community during the COVID-19 pandemic.

**OUR YEAR'S AMBITION:** Aldgate embarks on a strong, inclusive and sustainable economic growth, supporting equality of opportunities for SMEs and local people who have been severely impacted by recent events.

The Pandemic has shone a brighter light on the need for an inclusive approach on recovery, health and wellbeing of the residents, employers and the economy of the area.

Capitalising on Aldgate's diverse and mixed communities and economy, we've been able to implement programmes that level up and benefit all in the society, but also providing an opportunity for further corporate social responsibility and encouraging a liveable and accessible neighbourhood.

A 'Joy Factor' was introduced and was incorporated into every project we supported or implemented. This emphasis drove forward a sense of fun and creativity for the community, returning workers and new visitors alike at a time of great unease.

#### **VOLUNTEERING AND RESPONSIBLE BUSINESS**

Volunteering has been shown to be critical to people's wellbeing during the pandemic. Companies have come to the BID to divert giving and volunteering hours locally. We've acted as a broker between the charities and the businesses through direct links and via our online CSR portal.

Our sponsorship of the Welcome Centre at Providence Row facilitated 7067 meals.

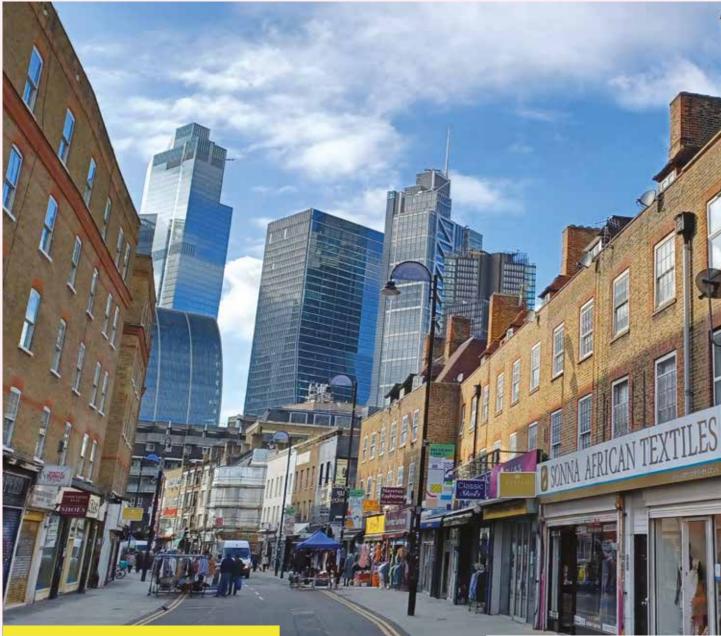

#### LOOKING AT THE DATA

These recommendations will form part of the Delivery Plan next year.

## **Protected Area**

## Total spend: £54,068

**OUR YEAR'S AMBITION:** Through a safe and secure network of businesses and community organisations coming together with the authorities, we will start to look at Aldgate being an owned space by the community; sharing knowledge and reporting crime and help support the area as one that people feel safe to be in and return to.

With renewed priorities for the Police and other agencies in the recovery period, it was a priority for the BID to work alongside these agencies by sharing information; and with this partnership method create a safer neighbourhood that we can all feel comfortable and protected in. Last year, the BID played a vital role in relaying and developing strategic areawide priorities that addressed business and resident concerns. With good links with the Safer Neighbourhood and policing teams, we've been able to look at issues around low level crime and raise the profile of these. 3 safety forums held

2 anti-social hotspots identified

## PARTNERSHIP WORKING

These have mainly been Braham Park and the Whitechapel High St / Commercial St junction. Through various partnership interventions, we've seen litter picks, joint patrols and CCTV operations to combat this activity.

## NEW DEVELOPMENTS

## 1,200+

people supported by the Providence Row's Welcome Area & Resource Centre

## WELCOME AREA AND RESOURCE CENTRE
