

CREATIVE ENERGY CLUB

DO YOU WANT TO LEARN NEW WAYS

TO MAKE ART AND PHOTOGRAPHY?

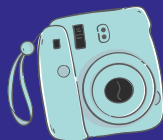

Aldgate Solar Power, your local community energy co-operative, is inviting residents to a sunprinting workshop to explore how we can create art with the power of sunlight

SATURDAY 27TH MAY

From 2.30 to 4.30pm, Artizan Street Library
| Artizan St, London E1 7AF

ALL ART MATERIALS SUPPLIED

REFRESHMENTS AND SNACKS

The Creative Energy Club is about generating creative energy to campaign for clean, green, affordable energy for everyone.

**ALDGATE
CONNEX**

At the Club you will:

- Create beautiful blueprints using the wonders of sunprinting, also known as cyanotype - a 'camera-less' photographic printing technique
 - Learn how solar energy works
 - Find out how we can produce clean, green, solar energy from our community rooftops - and how you can get involved!
 - Get help and advice on energy costs from an energy advisor
- 

The Club is open to residents living in and around the City of London. Spaces are limited - registration is required.

To register: contact Manuel Cameron by text/Whatsapp on 07387 895058 or at manuel.cameron@repowering.org.uk

 Next session planned for July!
