

You can make a
real difference to
your **business**
and wider **society**

**Want to attract young
diverse talent, but
don't know where to
start?**

**Movement to Work
is here to help.**

Movement to Work (MtW) exists to help employers find ways to offer quality youth employability opportunities for those aged 16-30 facing barriers to work. We help to create sustainable, inclusive and diverse workplaces fit for the future. We do this by rallying businesses and making powerful partnerships across the training, charitable and government sectors, helping young people change their lives through positive encounters with work.
